- ✦ HDPE Tapes
- ✦ Duct Tape
- ✦ VHB Acrylic Foam Tapes
- ✦ BOPP Tapes
- ✦ Stretch Wrapping Film
- ✦ Floor Marking Tape
- ✦ Air Bubble Rolls

Double Sided SPACER Foam Tape for Structure Glazing

Description: Foam tapes are excellent for applications where 'gap-filling' properties, too often uneven surfaces, are required. Suitable for a number of indoor and outdoor applications including signs, nameplates, plaques, decorative trim and in electrical and electronic applications

Range:

- Available in thickness from 4mm to various thickness
- Also available in EVA /PV /PVC

Applications:

- Used for application where very high strength is required or where cushioning is required.
- For mounting accessories and spares parts in cars, refrigerators, stationary and houses
- For permanent fixing on irregular surface

Specification:

- ❖ Size: Any Size
- ❖ Color: Any Color
- ❖ Thickness: 1mm to 20mm
- ❖ Liner: Blue liner

SELF-ADHESIVE GASKET FOAM TAPE/ EVA / NITRILE

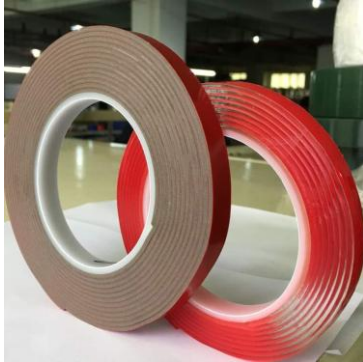

We are engaged in manufacturing and supplying of an exhaustive range of Adhesive Tapes.

- Use for sealing, bonding, cushioning, protection from dust and mounting purpose.
- Protects from water, moisture and dust.
- Coated with variety of adhesives.
- Easy and quick to apply on different clean surfaces.
- Various sizes and die cuts available as per customize requirement.
- Great bonding strength with high adhesion and also heat resistance products available.
- Products application: - Permanent fixing of spare parts in refrigerator and other electronic goods and cars.

Specification:

- ❖ Size: Any Size
- ❖ Thickness: 1mm to 20mm
- ❖ Liner: Blue liner

Acrylic VHB Red Liner/GREY/BLACK/CLEAR

- For Emblems & Body Side Mouldings
- Mounted trims, emblems & body side mouldings are fixed with high performance adhesive tapes & die-cut. Various grades of acrylic foam tapes & PE foam tapes & their die-cuts are
- Available in various thicknesses.
- Thickness : From 0.4mm to 3mm
- Colours: Clear, Grey, Black and White.
- Width: As per requirement.
- Rolls and die cut options available.

Specification:

- ❖ Size: Any Size
- ❖ Color: Clear, Grey, Black and White.
- ❖ Thickness: 0.5mm to 2.2mm

Surface Protection Film - Guard Film

In order to meet the varied demands of our clients, we have come up with Surface Protection Tapes. Clients can avail these tapes from us in different colours, length and widths

Features

- ❖ Adjustable peeling force
- ❖ Excellent protection against abrasion and scratches
- ❖ No adhesive residue
- ❖ Weather resistance
- ❖ Easy to peel off
- ❖ Excellent workability

Specification:

- ❖ Size: Any Size
- ❖ Colour: White, Black, Blue & Transparent.
- ❖ Thickness: All Thickness.
- ❖ Micron: 30,45,55 & 70.

DUCT TAPE

We at EBP are manufacturing and exporting a huge range of Duct Tape, which are used for different applications.

- Our duct tape is water proof PE coated fabric tape. It is used for holding, splicing, masking, patching, sealing and seaming purpose. Polyethylene coated cloth backing with rubber adhesive. It has high tack, conformability, strength and easy tear.
- It is good for heavy duty application
- It is water proof and used in construction industries for AC ducting
- Available in silver & Black color.

Specification:

- ❖ Size: Any Size
- ❖ Color: Grey, Black & Yellow
- ❖ Thickness: All Thickness.

ALUMINIUM FOIL TAPE

We at EBP are manufacturing and exporting a huge range of Duct Tape, which are used for different applications.

- For general purpose seaming, patching and sealing
- Highly suitable for sealing off air conditioning and cool/warm and flow ducting
- For sealing joints in ducting providing a flame retardant & vapour-proof barrier
- Excellent adhesion on dry/clean surfaces on metal and other surface
- These foils tapes can be applied for both high temperature/low temperature
- Sizes available in 25mm/50mm/75mm/100mm in width to customized length
- Available in with liner and without liner
- Available from 25 micron,30 micron, 40 micron, 50 micron and 100 micron thickness
- Product Application:- HVAC duct wrap, protective masking and electroplating

FSK Aluminium FOIL TAPE

- FSK which stands for Foil Scrim Kraft is used as jacket facing for glass wool, rock wool, PU foam and other insulation to protect them against vapor moisture, in order to work more effectively.
- Use for sealing FSK duct board.
- Excels in demanding temperature and humidity applications.
- Long lasting adhesion on clean/dry surfaces.
- Full bond within 24 hours.
- With release paper.
- To seal joints in air conditioning industry requiring high strength.
- Products Application: - HVAC ducting purpose.

Specification:

- ❖ Size: Any Size
- ❖ Color: Silver
- ❖ Thickness: All Thickness.

Self Adhesive EPDM/NEOPRENE Foam Gasket

We at EBP are manufacturing and exporting a huge range of Self Adhesive EPDM Foam Tape & Neoprene Foam Tape, which are used for different applications.

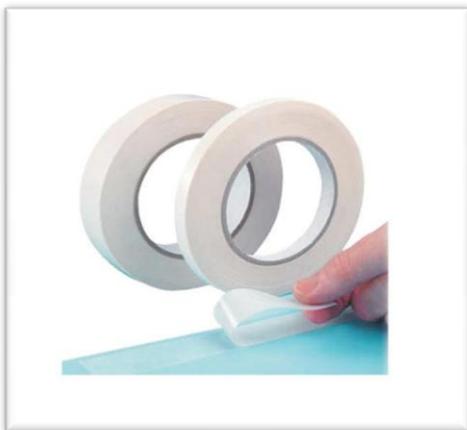

Features

- Adjustable peeling force
- Excellent protection against abrasion and scratches
- No adhesive residue
- Weather resistance

Specification:

- ❖ Size: Any Size
- ❖ Colour: Black
- ❖ Thickness: 2mm, 3mm & 5mm.

Double Sided Tissue TAPE

We at EBP are manufacturing and exporting a huge range of Crosslink Foam Tape, which are used for different applications.

- Special formulated adhesive provides strong holding power and no adhesive deterioration
- Excellent temperature and solvent resistant
- Good shear strength, the adhesive strength is hardly affected with temperature change and long storage.
- No slippage long after applied.

Specification:

- ❖ Size: Any Size
- ❖ Color: Silver
- ❖ Thickness: All Thickness.

Paper Masking Tape

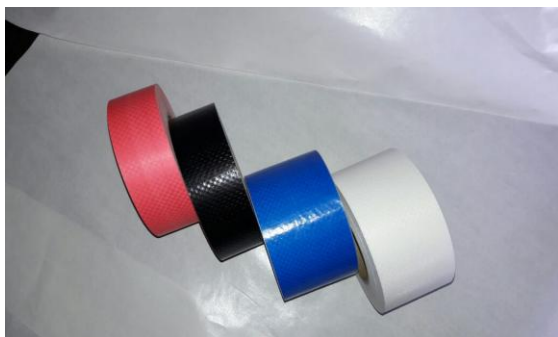

- No Residue after removal.
- Crepe Paper based Masking Tapes
- General Purpose Masking Tapes.
- High Temperature Resistant grades in 95°C, 110°C, 160°C & 180°C

Specification:

- ❖ Size: Any Size
- ❖ Colour: Silver
- ❖ Thickness: All Thickness.

HDPE TAPE

We at EBP are manufacturing and supplier of huge range of HDPETape, which are used for different applications.

- No Residue after removal.
- A self-adhesive tape which has been specially made for joining and sealing of bags with HDPE base. The tape has high adhesions and tensile which help in keeping joints well sealed and required for permanent applications
- Ideal for heavy carton sealing
- FIBC industry product, FIBC bag jointing
- High shear strength

Specification:

- ❖ Size: Any Size
- ❖ Color: Any Colour

FLOOR MARKING TAPES

We at EBP are manufacturing and supplier of huge range of HDPE Tape, which are used for different applications.

Specification:

- ❖ Size: Any Size
- ❖ Color: Any Colour
- ❖ Thickness: All Thickness.

DOOR SEAL EPDM GASKET:

Door & Windows Seals available in D, P & E Shape in EPDM Rubber Sponge Material for windows and door seal.

Specification:

- ❖ Size: 9mm width x 6mm height
- ❖ Colour: Brown & Light Grey
- ❖ Thickness: 2mm wall thickness

PU GASKETS

We at Excel are manufacturing and supplier of huge range of D shapes PU Gasket, which are used for different applications in panel manufacturing & Air filter industries.

Specification:

- ❖ Size: 8mm to 24mm & Customize
- ❖ Color: Black
- ❖ Thickness: 4mm to 12mm.

JUMBO ROLLS

We at Excel are manufacturing and supplier of huge range of Jumbo Rolls & Log Rolls of all types of all tapes, which are used for different applications in all industries.

Specification:

- ❖ Size: 1000mm to 15000 x 1000meters
- ❖ Color: Any Color
- ❖ Thickness: Any Size.
